

The second generation of the popular, lightweight, comfortable and ventilated climbing helmet. Due to its comfort and lightweight construction, it is ideal for sport climbing, trad climbing, mountaineering and on via ferrata.

DESCRIPTION

C0091

The first climbing helmet on the market in three sizes (S 48-54 cm, M/L 52-58 cm, XL 56-62 cm) for the widest range of users.

The clips for attaching the head lamp are recessed to avoid catching them when removing the slings or hood from the jacket.

Thanks to its low profile, the helmet does not get in the way when climbing and fits neatly on the head.

Weight under 200 g (size M/L) ensures comfort for all-day climbing.

The soft and wide chin strap ensures maximum comfort and its length allows a scarf or hat to be worn under the helmet.
