

↑ PALM

Light alloy palm gate carabiner. It has been designed to be used especially on Via Ferrata routes. Also certified as industrial termination connector.

DESCRIPTION

Angled snag free Keylock nose for smooth clipping and unclipping maneuvers

Hot forged gate is designed to avoid fingers drag when clipping

Each carabiner is individually tested for a strength of 10 kN

Wear indicator shows when to retire the carabiner from use

Carabiner is designed to offer maximum opening, inside clearance and comfortable use

Anodized finishing increases corrosion resistance. Carabiner is available in two color versions
